GA 902/S

The minimal metal frame of this sunglass is ultra-feminine and lightweight. It is made precious by the leather finishes on the slender temples and double bridge.

GA 905/S and GA 931

Giorgio Armani is always innovative in the study of premium materials and proposes precious galuchat finishes in his latest collection of sunglasses and optical frames.

GOLD & HORN EDITION

Mod. GA 769/G/V/S

The new eyewear perfectly represents Giorgio Armani style, combining elegance and the handcrafting of two natural and precious materials; gold, which never loses its beauty, and natural Indian water buffalo horn, which is lightweight, bio-compatible and unique in colour.

The new exclusive aviator sunglasses feature a frame plated in 5 micron thick 22-carat gold, further embellished with a natural horn bridge and temple tips allowing for a perfect fit.

The superior quality lenses are glass, a transparent and highly durable material that is polarised to guarantee maximum optical quality and excellent vision.

The models carry the "GA" logo, silk-screened on the right-hand lens and photo-engraved and lacquered on the inside of the temple tips. The "GIORGIO ARMANI" name is also engraved on the left temple.

The GA 769/G/V/S style is available exclusively in a champagne colour with dark green lenses, exquisitely packaged in super-soft nappa leather with a dark brown finish.
